The screenshot displays the Azureus BitTyrant application window. The main window shows a list of peers in the 'Peers' tab. The peers list includes columns for Upload allocation, Up:Down ratio, Rec...own, Client, T, Pieces, %, Last Tyrant Action, Do...peed, and Up...peed. The peers are sorted by upload allocation, with the top peer having 69.7 kB and a 1.18:1 ratio. The bottom peer has 28.7 kB and a 4.30:1 ratio.

The 'Piece Map' tab shows a grid of pieces for the torrent. The legend indicates: Both have (blue), Peer has; You don't (light blue), You have; Peer doesn't (green), Neither has (white), Transferring (red), Next Request (brown), and Availability Count (black). The status bar at the bottom shows: Ratio, NAT OK, 1,186,745 Users, IPs: 0 - 0/1/2, 85.0 kB/s, [40K] 38.9 kB/s.
